9) The area in question is proposed to be divided into 9 sites of about 80' x 110' by the Municipality and a road 50 feet wide is provided between the houses and the Railway Margin

10) The Municipality has proposed to give a site measuring 80' x 110' to the Raghupathy Memorial Club and another site to the Varadachar Memorial Club The proposal to construct an under-bridge at or near the Subedar Chattram road level-crossing has been under the contemplation of Government and the M & S M Railway Authorities for many years The Scheme was entrusted to this Board and the Board has formulated proposals for an under-bridge at a point 100 yards to the west of the level crossing The proposals are under examination by the Government and the final location is not yet fixed and orders passed It is undoubted that the principle of an under-bridge here is accepted

11) With a view to finalize the plans in this connection, a joint inspection was held yesterday i e , 6-2-1948 at which myself, the Deputy Chief Engineer representing the M & S,M Railway, the General Manager and the Chief Engineer of the Mysore Railways were also present

13) The General Manager, Mysore Railways, also stated that he was putting forward proposals to continue the broad-guage line from here-abouts to join the proposed new Goods Shed Yard near Magadi road on the Chord Railway between Yesvanthapur and Nayandahalli Before these proposals and the final fixation of the site of the under-bridge by Government are decided upon, if the grants of sites are made in this area, it would certainly interfere with the carrying out and executing of final decisions that may be arrived at

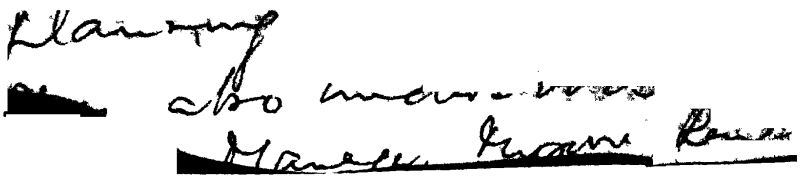
The managing committee have great pleasure in presenting this Report on the work of the Raghupathy Memorial Club, for the year ending 31st December 1945 It is a matter for gratification that the Club has been growing not only in membership, but in its many sided activities of a cultural and charitable character

It is necessary to recount the circumstances which resulted in the forming of this Club and a detailed account of the history of this institution is furnished in the Report relating to the year 1944 The untimely demise of the beloved sportsman, Raghupathy in the year 1938 was mourned by all the sportsmen in Bangalore City In memory of the great and promising sportsman, this Club was started and called after his name in the year 1939 For a few years, the Club devoted itself to the encouragement of the athletic spirit among the youth of our State Its activities expanded and



the Club took a more definite shape in the year 1944 when it was formally registered Ever since the Club has been doing activities of a varied character such as, Music, Sports, Charity, Read ing Room etc It is needless to state that with the encouragement that the Club has been receiving from its members the activities will be further expanded to the benefit of the members, the pub lic and the student community If we reckon the items of the charitable help that the Club has found it possible to extend during this year the members will be filled with a feeling of justifiable pride We want to expand our sphere of service in the entire faith that suitable encouragement will be forthcoming from the members and the Govern ment Is it too much to hope that in years to come our Club will be the premier Club of the State catering for the cultural and musical taste of the people, rendering help to the poor and deserv ing students, and assisting other institutions devoted to noble endeavours

We are obliged to the authorities of the Town Hall and other associations who have helped us in getting up the monthly functions We are also beholden to the eminent artists and musicians who responded to our invitations and gave us the benefit of their performances The committee also

thanks the members and the Public for their uniform support and co-operation We are also indebted to the Government who very kindly granted us exemption from Entertainment Taxes

Report for the Period ending Dec 1944

The members of the managing committee of the Raghupathy Memorial Club beg to submit their progress report for the year-ending 31st December 1944 and have much pleasure in giving a review of its most important events

Originally started to commemorate the untimely demise of Mr B L Raghupathy a Loved Sportsman, the Club wended its active way acquiring the sympathy and goodwill of a very good section of Bangalore City As a purely Sports Club the various activities were well known to our inhabitants There was a good intentioned hint by some of its Patrons to enlarge the Club's activities so as to draw in its fold all the aesthetic requirements of human mind The years from 1939-43, were mostly spent on sports but in the last months of the year 1943, Music and other fine arts were thought of at the valuable suggestions of M/s Palmiapya Sangodiah, and K C Lakshmaiah

It will be interesting to recall that barring a solitary, Gayana Samaja which was doing pretty good work, no other musical Sabha existed in

Bangalore at that time The activities of the Gayana Samaja were confined to its members who were mainly drawn from the southern extension of the City A fair sprinkling from Malleswaram and other northern parts of Bangalore were also on the membership lists of the Samaja To augment further the Musical tastes of the people it was considered quite necessary to expand the activities of this Club, though not in rivalry to the existing institution, but to propagate our ancient music to reach every class of people With the growth of Bangalore's population due to a large influx, the need for more musical sabhas was felt greater It is no exaggeration whatsoever to say that the timely lead given by the Raghupathy Club acted as a cue and more samajas were started to cater to more music lovers The misapprehension and fear of rivalry incidental to such growths made its appearence and the Club was not free from criticism as such Other existing Samajas feared that undue inroads had been made by such activities, though on scrutiny it is found that no such rivalry exhisted nor there was any diminution in the membership strength of any samaja On the contrary membership application forms have inundated our Managing Committee and this aspect speaks clearly of the growth of artistic

taste in the residents of Bangalore The Raghu pathy Club can as well take the credit of giving well-ordered shape to musical thirst by expandin its activities in 1943

The first three musical performances o Shammangudi, Araikudi and Chembai, were unbounded successes to the Club and the victorious undertaking of these famous recitals encouraged a good many of our patrons to get going further Accordingly we framed a constitution and got the Club registered in Feb 1944 The Managing Committee members who were the founders of the registered Club had a statutory backing to remain in Office for 5 years The seed sown then has yielded fruit to day and we have 520 members on the roll

Membership —

As soon as the formalities of registration were over the memberships was thrown open to the public of Bangalore and beginning from April 1944 uptodate we have 520 members with an average increase of 58 members per month There are 42 Life members, 95 A class members, 383 B lass members

To regulate and conduct the various activities of the Club in an efficient manner, there are

various sub committes appointed They are styled, (1) Music sub-committee (2) Reception sub-committee, (3) Propaganda sub-committee (4) Literary sub-committee (5) and Sports sub-committee The members of this sectional committees are co-opted from the existing Committee and also from among other members These sub-committees meet often and submit their plans and activities to the main committee for necessary action

The present committee of management has so far met eleven times and the average attendance in all these meetings are seven

Sports —

As this Club originated with outdoor games it may not be out of place to mention in a succint form the various field activities of our Club The Club was renowned for its Volley Ball victories and it has won several final matches in and outside the State During the years 1940 and 1941 the Club stood unbeaten, a record for which we feel proud in Mysore State The Club contested seven tournaments and we won in the finals of all matches The reverse in 1944 Dasara Volley Ball Tournment was due to other causes the chief cause

being dearth of good players who were unable t come due to official difficulties Out of practic was also partly responsible for not annexing th Tourney Despite these handicaps our Club live up to its great Glory of a splendid lead in Volle ball Tournaments in Bangalore It is the desire o the Club to go full forward and expand to othe games also

Want of accommodation -

The Club is now housed in a small room in the upstairs of Uttaradimutt Buildings in chick- pet which is by no means adequate to the growing properties of the Institution Efforts were made to get a suitable building in Gandhi-Nagar, but War time pressure hindered our progress in this direction As Club life is a modern necessity, the efforts of our Committee in this direction will go on undiminished It is our earnest desire to get housed soon so as to have a quiet Club life to invigorate our members who otherwise want some good time in the evenings At present we have provided Chess and Draughts in the small room we have in chickpet

Entertainment -

In addition to our Music katcheries, the Club carried on the sacred duty of entertaining

various musicians for the honour conferred on them During the year under report the Club invited Sangitha Shastra Ratna, Sangitha Shastra Visharada Asthan Vidwan Mr Kankanhalli Vasudevacharıar on whom a new title was conferred during the Birthday Durbar of 1944

An address of Welcome was presented to Prof Dwaram Venkataswami Naidu for his great musical talents under the presidency of Dharma prakasha Rao Bahadur Deva Rao Shivaram A Thoda was also presented on the occasion Prof Naidu was kind enough to give a message which is exhibited in the premises of the Club

Srimati Alamelu Mangammal of Bombay was commended for her ready consent to sing in aid of Kasturaba Fund for which she gave a free performance which fetched Rs 2001 to the fund

The Club is ever grateful to all these Musical artaries who sang under the auspies of the Club during the year under report

Conclusion

The Difficulties of plotting a club of this magnitude is a stupendous task and with the Co-operation of the members and several well

planning their budgets accordingly
It is also understood that the
Madras Railways also

known donors who gave financial aid in the beginning, the club has been able to take a firm root The taste for music amongst our people has made our tasks extremely onerous The difficulties of obtaining a big hall for conducting the music katcheries are hampering our full flow of service in the field The indents for Town Hall accommodation are so numerous that we are finding it very difficult to obtain it whenever we want it There is virtually a queue for getting priorities With all these the authorities are ever courteous to lend their helping hand to our club

In comparison with the few artistes we have in south India who have a pull with the musical audience and the demand for katcheries is becoming greater day by day The committee is finding it extremely difficult to get artistes every month The war time difficulties of travel and the rising cost of living has worked on the artistes also They are demanding higher remuneration than they used to, in the former days We hope to surmount all these in the coming months

The committee did not lag behind others in subscribing, to the Kasturaba Memorial Fund A sum of Rs 2,001- was sent to the fund committee which bore greatly the proceeds of a musical per-

formance kindly given by Sm Alamelu Mangamma

The object of the association particularly to help poor students has to be put into effect this year We hope to draw up a scheme shortly The committee gave help to sri Vidya Ganapathy Association, and to Sri Prasanna Sitarama Mandiram of Mysore

Our thanks are due to various bodies and associations for the help and interest they evinced in the growth of this club Thanks are also due to the Police, Town Hall authorities, the Municipal Council and lastly the various artistes who shed lustre to our activities With the grace of God we hope to achieve the best in the coming year and we hope to present a better report next year
